RE: The FCC Pre-Paid Phone Card Rate Hike:

It has come to my attention that the Federal Communications Commission -- with the support of Senators Burns and Stevens -- has issued a ruling that will increase the rates on pre-paid phone cards.

Presently, over 95 percent of our service members who are fighting for freedom overseas use pre-paid phone cards.

This rate hike shows a total lack of gratitude! It will further burden the many military families, already enduring the stress of separation, who are literally struggling under the financial weight of the cost of telephone calls.

Our service members deserve better. They put their lives on the line every day and, as such, they have paid enough with having to pay to fund FCC "pet programs."

Please take immediate action to correct this travesty.

Sincerely:

Jean McNellis

RE: The FCC Pre-Paid Phone Card Rate Hike:

It has come to my attention that the Federal Communications Commission -- with the support of
Senators Burns and Stevens -- has issued a ruling that will increase the rates on pre-paid phone cards.

Presently, over 95 percent of our service members who are fighting for freedom overseas use pre-paid
phone cards.

This rate hike shows a total lack of gratitude! It will further burden the many military families, already
enduring the stress of separation, who are literally struggling under the financial weight of the cost of
telephone calls.

Our service members deserve better. They put their lives on the line every day and, as such, they have
paid enough with having to pay to fund FCC "pet programs."

Please take immediate action to correct this travesty.

Sincerely:

Charles Sharow

RE: The FCC Pre-Paid Phone Card Rate Hike:

It has come to my attention that the Federal Communications Commission -- with the support of
 Senators Burns and Stevens -- has issued a ruling that will increase the rates on pre-paid phone cards.

Presently, over 95 percent of our service members who are fighting for freedom overseas use pre-paid
 phone cards.

This rate hike shows a total lack of gratitude! It will further burden the many military families, already
 enduring the stress of separation, who are literally struggling under the financial weight of the cost of
 telephone calls.

Our service members deserve better. They put their lives on the line every day and, as such, they have
 paid enough with having to pay to fund FCC "pet programs."

Please take immediate action to correct this travesty.

Sincerely:

Frank J. Scerbo
